Bruce,

Here's the full talk in PDF (ppt too big to email) and the two water slides – CCWD history and Fleenor's outflow.

FYI, I developed the outflow slide in excel from a file Bill sent me, he and I talked through time period breaks, I calculated the percent change data from his cfs data, and he validated it for me.

The CCWD slide I prettied up from stuff they sent me.

You are more than welcome to use these slides.

Cheers,
Stuart

Subject: question

could you send me your ppt of Monday -- or just the slide with Fleenor's analysis of seasonality of outflow, please?.

Thanks
